

**Syllabus "2025 SDGs and Business Solutions for International and Japanese Students"**

<b>Course Title</b>				
SDGs and Business Solutions for International and Japanese Students				
<b>Key Words</b>				
Japanese corporate culture, problem solving, SDGs, internships, career vision				
<b>Course Outline and Pbjectives</b>				
This is a problem-solving-based internship course in which international and Japanese students work in teams. Based on the information provided in lectures (including SDGs and business, problem-solving methods, business planning methods, etc.) and practice in companies, students examine business strategies on the theme of the SDGs together with company employees. In addition, through practice, students will gain an understanding of Japanese corporate culture, communication skills and business manners required in the workplace.				
<b>Goals:</b>				
① Understand Japanese corporate culture and business manners through practice. ② To be able to identify corporate issues and propose new solutions for the achievement of the SDGs ③ Understand own values and strengths and develop a career vision.				
<b>Participating Companies</b>				
undecided
