Services

□ Tutor system

(Student' s comment)

You may be worried about lots of things soon after arriving in Japan. But don' t worry! International students are assigned tutors and they will help you.

(Student' s comment)

Supervisor support your study and university life. When you come up against a difficulty, you can talk to them.

□ Support for employment in Japan

(Student' s comment)

Ehime University offers employment support program for international students who would like to work in Japan. International students are able to join an internship program.

Also, you can learn Japanese business manners.

These classes could be also very helpful for students who are going to work in their own or another country.

Teachers teach you how to write a CV and prepare for a company interview.

You will be able to contact a company on your own as well.

Campus Life

Ms. TAN JIAMING (Chinese)
Sophomore, Faculty of Law and Letters
I talk about my life at Ehime University.

To Future Students

Matsuyama is good for living. Prices and house rent are low.

Ehime University is a national university, so tuition fee is also affordable.

Academic Background

High school in Dailen, China (for 3 years)

Business college in Japan (for half a year)

Kawahara Computer Business College, Ehime
(for 1 and half a years)

Enrolled Ehime University in 2012.

Now, I am majoring in sociology, Department
of Humanities, Faculty of Law and Letters.

Seminar

I study local culture and food.
I often attend workshops and
conferences off campus with
my supervisor.

Housing

It takes about 5 min from my
apartment to the university.
Rent is 25,000 yen / month.

Job search

I joined an internship program at
Toyota for 2 weeks last summer.
I worked with other Japanese
students. Ehime University also
provides internship programs for
international students. I will try to
do it this year.

Free time

In my free time, I go shopping or to the
onsen (hot spring) with my friends.

During exam period, I usually study at
the university library.

Club activity

When I was a freshman, I
belonged to a volunteer club,
"Safe Ehime for Children".

Part time job

I work at a convenience store a few times a week.

It is good for developing my Japanese skills and also good
income.
